We welcome you to join the Amadeus Society

The Amadeus Society supports the inspiring, innovative programming of The Florida Orchestra. Ticket sales cover only about one-third of our annual budget, so we rely on the outstanding generosity of our patrons to provide high-quality, accessible and enriching musical experiences for everyone in Tampa Bay.

As an Amadeus Society member, you get the inside track on what’s happening at TFO and exclusive opportunities:

- **Three receptions per season** with a special performance by a renowned guest artist or a virtuoso TFO musician

- **Access to our world-class musicians** so you can get to know them and their work

- **Connections to others** who value and support TFO’s mission, deepening your involvement in the Tampa Bay community
