Independent Auditors' Report

The Board of Directors
The Florida Orchestra, Inc.
St. Petersburg, Florida:

We have audited the accompanying financial statements of The Florida Orchestra, Inc. (the "Orchestra") (a nonprofit organization) which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Florida Orchestra, Inc. as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary financial information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

THE FLORIDA ORCHESTRA, INC.

Notes to Financial Statements

June 30, 2021 and 2020

(1) Summary of Significant Accounting Policies

(a) Description of Organization

The Florida Orchestra, Inc. (the “Orchestra”) was incorporated for the purpose of administering and sponsoring an orchestra as a community educational facility and to obtain supplemental supporting funds, over and above operating income, required for such operations. The Orchestra’s activities include stage performances, special concerts, and other educational programs and endeavors to promote the cultural life in the Tampa Bay community.

(b) Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“US GAAP”). Any reference in these notes to applicable guidance is meant to refer to the authoritative United States generally accepted accounting principles as found in the Accounting Standards Codification (“ASC”) and Accounting Standards Updates (“ASU”) of the Financial Accounting Standards Board (“FASB”). Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for general use and not subject to donor restrictions. The Board of Directors (the “Board”) has designated a portion of its net assets without donor restrictions for long-term investment.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed stipulations are expected to be met by actions of the Orchestra and/or the passage of time or include a stipulation that assets provided be maintained in perpetuity by the Orchestra. Generally, the donors of these assets permit the Orchestra to use all or part of the income earned on related investments for general or specific purposes.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation. Expirations of donor restricted assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Contributions, including unconditional promises to give (pledges), are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value and are subsequently adjusted as necessary based on any permanent impairment of their fair value.

Assets are presented in the accompanying statements of financial position according to their nearness of conversion to cash, and liabilities according to the nearness of their maturity and resulting use of cash.

THE FLORIDA ORCHESTRA, INC.

Notes to Financial Statements - Continued

(1) Summary of Significant Accounting Policies - Continued

(c) Estimates in Financial Statements

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts in the financial statements and the accompanying notes to the financial statements. Actual results could differ from those estimates.

(d) Cash Equivalents

For purposes of the statement of cash flows, the Orchestra considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents.

(e) Promises to Give

All contributions are reflected in net assets without donor restrictions or in net assets with donor restrictions based on the existence or absence of donor restrictions. Amounts received with donor-imposed restrictions that are recorded as revenues in net assets with donor restrictions are reclassified to net assets without donor restrictions when the time or purpose restriction has been satisfied.

Promises to give which are due in more than one year are recorded at estimated fair value by discounting future cash flows using current risk-free rates of return based on U.S. Treasury Securities yields with maturity dates similar to the expected contribution collection period.

The Orchestra records an allowance for potential uncollectible promises to give. The allowance is based on prior years' experience and management's analysis of specific promises made.

(f) Bequests Receivable

The Orchestra recognizes a receivable and revenue for their interest in bequests based on the inventories of estate assets and conditions contained in the respective wills. Amounts expected to be received in future years are discounted to provide estimates in current year dollars. The Orchestra records bequests receivable (when the court declares the related will valid) as net assets with donor restrictions, as these assets will not be available until future years, or have been restricted in perpetuity by the donor. As funds from an estate (other than those restricted in perpetuity) are collected, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Bequests receivable were approximately \$0 and \$158,000 as of June 30, 2021 and 2020, respectively.

(g) Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in investment income in the statements of activities. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

THE FLORIDA ORCHESTRA, INC.

(h) Property and Equipment

Property and equipment are recorded at cost, or in the event of contributed property, at fair value at the date of the contribution. Property contributions are reported as support that is not subject to donor restrictions unless the donor restricts the donated asset to a specific purpose. Property and equipment are depreciated over their estimated useful lives using the straight-line method. Expenditures for property and equipment in excess of \$2,500 and with a useful life of at least one year are capitalized.

(i) Advance Ticket Sales

Income from season subscription sales is recognized at the time of the performance. The performance season generally runs from October to May. Advance season ticket sales amounted to \$1,470,428 at June 30, 2021 for the 2021-2022 season and \$1,017,515 at June 30, 2020 for the 2020-2021 season.

(j) Contributed Services

Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

(k) Revenue Recognition

The Orchestra accounts for subscriptions, individual ticket sales and other revenue in accordance with ASC 606. Revenue from contracts with customers are treated as revenues without donor restrictions. Funds received in advance from customers for performances that have not taken place are recorded as contract liabilities (advance ticket sales) in the statements of financial position.

Box office and subscription ticketing revenues are derived from the sale of season subscriptions and individual tickets for Orchestra performances. Subscriptions are recognized over the Orchestra season using the output method or as the performance occurs. Individual ticket sales are also recognized as revenue as the performance occurs. All performance obligations are normally satisfied within the Orchestra season, which is contained within the Orchestra's fiscal year. At June 30, 2021 and 2020, subscription holders have been allowed to defer the use of their season tickets due to the COVID-19 pandemic. Subscription fees are due prior to the Orchestra season and individual ticket sales are due at the point of sale. Subscriptions and individual ticket sales collected in advance of the Orchestra season are considered to be contract liabilities and are reported as advance ticket sales. Sponsorships and advertising revenue are also recognized as Orchestra performances are completed.

(l) Income Taxes

The Orchestra is a not-for-profit corporation organized under the laws of the State of Florida and is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Internal Revenue Code provides for taxation of unrelated business income under certain circumstances. The Orchestra believes that it has no liability for taxes with respect to unrelated business income. However, such status is subject to final determination upon examination of the related income tax returns by the appropriate taxing authorities.

The Orchestra follows Accounting Standards Codification (“ASC”) Topic 740, *Income Taxes*. A component of this standard prescribes a recognition and measurement threshold of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Orchestra’s policy is to recognize interest and penalties associated with tax positions under this standard as a component of tax expense, and none were recognized since there was no material impact of the application of this standard for the years ended June 30, 2021 and 2020. The Orchestra’s information returns are open to IRS examination for the 2017 tax year ended June 30, 2018, and all subsequent years.

(m) Advertising

Advertising costs are expensed as incurred, except when the advertising is directly related to probable future benefits. Advertising costs expensed were approximately \$146,800 and \$366,700 for the years ended June 30, 2021 and 2020, respectively.

(n) Barter Transactions

The Orchestra trades its tickets for other goods and services used in its normal course of business. Revenue and expense recognized under those barter transactions were \$31,680 and \$99,830 for the years ended June 30, 2021 and 2020, respectively.

(o) Functional Allocation of Expenses

The costs of providing the various programs, activities, and supporting services have been summarized on a functional basis in the Statements of Activities. The Statements of Functional Expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Salaries and wages and related costs are generally allocated based on time and effort expended by function. Depreciation of property and equipment and expenses relating to operation and maintenance of property and equipment have been allocated to functional classifications based on square footage of facilities. Interest expense is allocated to functional classifications that benefited from the use of the proceeds of the debt.

(p) Recent Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update (“ASU”) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*, that will supersede most current revenue recognition guidance. The core principle of the new guidance is that an entity will recognize revenue to depict the transfer of promised goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. The standard provides a five-step analysis of transactions to determine when and how revenue is recognized. Additionally, the guidance requires disclosures related to the nature, amount, timing and uncertainty of revenue that is recognized. In August 2015, the FASB issued ASU No. 2015-14 which deferred the provisions of ASU No. 2014-09 to annual reporting periods beginning after December 15, 2018. In June 2020, the FASB issued ASU No. 2020-05, which deferred the effective date for all entities that had not yet adopted Topic 606 to annual reporting periods beginning after December 15, 2019. On July 1, 2020, the Orchestra adopted ASC Topic 606 using the modified retrospective approach. In connection with adoption, the Orchestra determined that no transition adjustment was necessary as of July 1, 2020 after the application of the standard.

In February 2016, the FASB issued a standard on accounting for leases, which requires lessees to recognize most leases on their statement of financial position for the rights and obligations created by those leases. The guidance requires enhanced disclosures regarding the amount, timing and uncertainty of cash flows arising from leases. This guidance will be applied using a modified retrospective approach and is effective for interim and annual periods beginning after December 15, 2021 with early adoption permitted. The Orchestra will adopt this guidance on July 1, 2022 and is currently evaluating its impact on the financial statements.

(q) Going Concern Evaluation

On an annual basis, as required by ASC Topic 205, *Presentation of Financial Statements - Going Concern*, the Orchestra performs an evaluation to determine whether there are conditions or events (known and reasonably knowable), considered in the aggregate, that raise substantial doubt about the Orchestra’s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

(r) Reclassifications

Certain amounts in the 2020 financial statements have been reclassified for comparative purposes to conform to the 2021 presentation. These reclassifications had no effect on net assets or changes in net assets.

(2) Promises to Give

Unconditional promises to give consist of the following at June 30, 2021 and 2020:

	2021	2020
Unrestricted promises	\$ 19,613	279,875
Total unconditional promises to give	19,613	279,875
Less allowance for uncollectibles	(3,000)	(38,188)
Net unconditional promises to give	\$ 16,613	241,687
Amounts due in:		
Less than one year	\$ 19,613	279,875
	\$ 19,613	279,875

At June 30, 2021, pledges from two donors accounted for approximately 97% of pledges receivable. At June 30, 2020, there were no individual donor amounts that exceeded 10% of pledges receivable. Approximately 17% of total private support was provided by five donors for the year ended June 30, 2021. Approximately 10% of total private support was provided by three donors for the year ended June 30, 2020.

(3) Investments

Investments are stated at fair value and consist of the following at June 30, 2021 and 2020:

	2021		2020	
	Cost	Fair Value	Cost	Fair Value
Short-term investments	\$ 69,524	69,524	251,299	251,299
Common stocks	4,166,649	9,076,771	3,774,467	6,406,315
Fixed-income securities and funds	1,964,035	2,043,045	1,789,478	1,801,513
	\$ 6,200,208	11,189,340	5,815,244	8,459,127

A portion of the long-term investment portfolio is restricted as a permanent endowment. At June 30, 2021 and 2020, the permanently restricted endowment includes two contributions of \$240,000 from the State of Florida. The related funding agreements required the Orchestra to designate an additional \$360,000 to supplement each of the State endowment contributions. Both of the \$240,000 contributions will revert back to the State of Florida if the Orchestra ceases operations, files for bankruptcy protection, or willfully expends any portion of the \$600,000 related to each contribution. Earnings from the endowment fund are available to fund the Orchestra's operating activities.

	\$ 63,404	87,135

Depreciation charged to operations amounted to \$23,731 and \$29,561 for the years ended June 30, 2021 and 2020, respectively.

(5) Beneficial Interest in Perpetual Trusts

The Orchestra is the income beneficiary of an irrevocable perpetual trust. The net income derived from this trust is to be distributed 50% to the Orchestra and 50% to another organization. The Orchestra's interest in the trust is recorded at 50% of the fair value of the trust assets that produce the income. Distributions from this trust for the years ended June 30, 2021 and 2020 were approximately \$165,000 and \$199,000, respectively. These amounts are included as a component of Private Support in the accompanying Statements of Activities. As of June 30, 2021, the balance of \$4,100,008 was comprised of: equities - 81% and fixed income - 19%. As of June 30, 2020 the balance of \$3,210,028 was comprised of: equities - 81%, fixed income - 18%, and other - 1%. During fiscal year 2014, the Orchestra was named as an income beneficiary in a smaller irrevocable perpetual trust valued at \$66,333 and \$55,059 at June 30, 2021 and 2020, respectively.

THE FLORIDA ORCHESTRA, INC.

(5) **Beneficial Interest in Perpetual Trusts - Continued**

Under a separate perpetual trust, the Orchestra has also been named as an income beneficiary. The Orchestra is entitled to one-sixth of the income earned by the trust. The trust distributes a percentage of income annually in accordance with IRS guidelines. Earnings distributed from the trust for the years ended June 30, 2021 and 2020 were approximately \$165,000 and \$156,000, respectively. The Orchestra's interest in this perpetual trust is not considered to be an asset as the trustee has the ability to modify the charitable beneficiaries. These amounts are included as a component of Private Support in the accompanying Statement of Activities.

(6) **Beneficial Interest in Assets Held by Others**

In fiscal year 1998, the Orchestra established an account at the Community Foundation of Tampa Bay (the "Foundation") with a payment of \$20,000. Since 1998, the Orchestra has deposited additional funds with the Foundation. The amounts deposited are considered to be an asset of the Orchestra and are included in beneficial interest in assets held by others in the accompanying statements of financial position as of June 30, 2021 and 2020, in the amounts of \$399,583 and \$324,461, respectively. In addition, at June 30, 2021 and 2020, the Foundation was holding a balance of approximately \$5,821,000 and \$3,198,000, respectively, representing contributions made directly to the Foundation for the benefit of the Orchestra. Earnings on these funds are earmarked to be distributed on a periodic basis to the Orchestra. The Foundation has been granted variance power over these funds which provide the Foundation the unilateral power to redirect the use of the funds to other beneficiaries. Because the Foundation has been granted variance power, funds contributed by donors to the Foundation on behalf of the Orchestra are not considered to be an asset of the Orchestra. Distributions from the Foundation for the years ended June 30, 2021 and 2020 were approximately \$244,800 and \$153,700, respectively. These amounts are included in private support in the accompanying statements of activities for the years ended June 30, 2021 and 2020.

In addition, the Orchestra has funds held under a separate foundation. The amounts held are considered to be an asset of the Orchestra and are included in beneficial interest in assets held by others in the accompanying statement of financial position as of June 30, 2021 and 2020, in the amount of \$61,687 and \$75,387, respectively.

(7) **Fair Value Measurements**

The Orchestra follows ASC Topic 820, *Fair Value Measurement*. ASC Topic 820 establishes a framework for using fair value to measure assets and liabilities and defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) as opposed to the price that would be paid to acquire the asset or received to assume the liability (an entry price).

THE FLORIDA ORCHESTRA, INC.

Notes to Financial Statements - Continued

(7) Fair Value Measurements - Continued

Under ASC Topic 820, a fair value measurement should reflect the assumptions that market participants would use in pricing the asset or liability, including the assumptions about the risk inherent in a particular valuation technique, the effect of a restriction on the sale or use of an asset and the risk of nonperformance. ASC Topic 820 requires disclosures that stratify statement of financial position amounts measured at fair value based on inputs the Orchestra used to derive fair value measurements. These strata include:

Level 1: Valuations, where the valuation is based on quoted market prices for identical assets or liabilities traded in active markets (which include exchanges and over-the counter markets with sufficient volume);

Level 2: Valuations, where the valuation is based on quoted market prices for similar instruments traded in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market;

Level 3: Valuations, where the valuation is generated from model-based techniques that use significant assumptions not observable in the market, but observable based on Organization-specific data. These unobservable assumptions reflect the Organization's own estimates for assumptions that market participants would use in pricing the asset or liability. Valuation techniques typically include option pricing models, discounted cash flow models and similar techniques, but may also include the use of market prices of assets or liabilities that are not directly comparable to the subject asset or liability.

Fair value of assets measured on a recurring basis at June 30, 2021 is as follows:

Fair value of assets measured on a recurring basis at June 30, 2020 is as follows:

<u>Description</u>	<u>Assets Measured at Fair Value at June 30, 2020</u>	<u>Fair Value Measurements at Reporting Date Using</u>

Fair values for short-term investments and common stocks are determined by reference to quoted market prices for identical assets. Fair values for fixed-income securities and mutual funds and certificates of deposit are based on quoted prices for similar assets in markets that may not be active.

The methods used by the Orchestra in determining fair values for the beneficial interest in perpetual trusts and beneficial interest in assets held by others are as previously described in Notes 5 and 6, respectively.

The Orchestra considers the measurement of its beneficial interest in the perpetual trusts to be a Level 3 measurement within the fair value measurement hierarchy because even though that measurement is based on the unadjusted fair value of trust assets reported by the trustees, the Organization will never receive those assets or have the ability to direct the trustees to redeem them.

The table below presents information about changes in the Orchestra's beneficial interest in perpetual trusts for the years ended June 30, 2021 and 2020, which are measured at fair value on a recurring basis:

(8) Liquidity and Availability of Resources

The Orchestra regularly monitors liquidity to meet its operating needs and other contractual commitments while also striving to maximize the investment of its available funds. The Orchestra has various sources of liquidity at its disposal, including cash and cash equivalents and marketable debt and equity securities.

The Orchestra is supported by both unrestricted and donor restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Orchestra must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of the Orchestra's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and obligations come due. The Orchestra designates a portion of its investments and investment earnings to fund long-term needs of the Orchestra. Additionally, the Orchestra has designated certain net assets without donor restrictions that, while the Orchestra does not intend to spend for general expenditures in the next 12 months, the amounts could be made available for current operations, if necessary. In addition to the financial assets available to meet general expenditures over the next 12 months, the Orchestra operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

As described in Note 15, the Orchestra has access to a revolving line of credit and other short-term borrowing availability to meet liquidity needs.

As of June 30, 2021 and 2020, the Orchestra's financial assets available to meet cash needs for general expenditures for the next 12 months were as follows:

	<u>2021</u>	<u>2020</u>

(9) Net Assets With Donor Restrictions

Net assets with donor restrictions are available for the following purposes or periods at June 30, 2021 and 2020:

	2021	2020
Unappropriated endowment investment return	\$ 4,025,542	1,754,986
Subsequent year operations	78,296	334,217

	\$ 14,425,877	11,667,756

(10) Leases

The Orchestra is obligated under capital leases for office equipment. These leases expire at various dates through September 2022. At June 30, 2021 and 2020, the gross amount of office equipment recorded under the capital leases was \$33,244 and \$54,093, respectively. The net book value of the office equipment at June 30, 2021, after deducting accumulated amortization of \$27,127, was \$6,117. The net book value of the office equipment at June 30, 2020, after deducting accumulated amortization of \$30,091, was \$24,003.

The present value of future minimum capital lease payments as of June 30, 2021 is as follows:

Year Ending June 30,		
2022	\$	8,760
2023		590
Total future minimum lease payments		9,350
Less amount representing interest		(450)
Present value of minimum capital lease payments	\$	8,900

In March 2007, the Orchestra entered into a lease agreement with St. Petersburg College (the "College"). Under the terms of the agreement, the Orchestra began occupying space at a new office at the College Downtown Center in St. Petersburg in January 2008. The lease term commenced on the first day of the month following the issuance of a certificate of occupancy. The lease term is for forty years; however, each party has the option to terminate the lease after ten years or anytime thereafter. Annual payments required under the lease consist of a \$1 base rental plus an "operating fee" to cover utilities, maintenance and other services. The operating fee is subject to annual changes and was approximately \$72,000 for each of the years ended June 30, 2021 and 2020.

Rent expense for operating leases, including month-to-month rentals, for the years ended June 30, 2021 and 2020 was approximately \$75,000 and \$80,000, respectively.

(11) Contributed Services and Contributions In-Kind

The Orchestra recognizes contribution revenue for certain services and in-kind donations received at fair value. Contributed services are reported as support and as an expense when the services are provided. Contributions in-kind (real or tangible property) are reported as support and as an asset or expense in the period received at estimated fair value. Contributions and in-kind donations (excluding capitalized items) are summarized as follows for the years ended June 30, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Program services:		
Office rent	\$ 12,493	-
Venue rental	-	38,000
	<u>\$ 12,493</u>	<u>38,000</u>

The Orchestra recognized \$31,680 and \$99,830 in admissions revenue for the years ended June 30, 2021 and 2020, respectively, for tickets sold in exchange for contributed services.

In addition, for the years ended June 30, 2021 and 2020, approximately 6,200 and 6,100 hours, respectively, were volunteered for various administrative functions. No value has been assigned to the volunteer administrative services as they do not meet the criteria for recognition in the financial statements.

(12) Employee Retirement Benefits

The Orchestra sponsors a tax deferred retirement savings plan qualified under Section 403(b) of the Internal Revenue Code, covering all full-time employees. The plan allows for employee contributions through salary reductions, subject to certain restrictions. The Orchestra contributes 100% up to 3% of an employee's deferral into the plan. The expense related to this plan for the years ended June 30, 2021 and 2020 was \$16,021 and \$32,465, respectively.

Beginning in January 1996, pension fund contributions for musicians were made to the American Federation of Musicians and Employees' Pension Fund, with the Orchestra contributing 7.19% of the musicians' gross wages for the years ended June 30, 2021 and 2020. The expense for this pension plan for the years ended June 30, 2021 and 2020 was \$178,538 and \$267,804, respectively.

(13) Contract with Musicians

The Orchestra's primary base of performers is musicians employed by the Orchestra under a collective bargaining agreement. The Orchestra entered into a three-year collective bargaining agreement with the musicians in May 2018 that expired in August 2021. As a result of the COVID-19 pandemic during 2020, the agreement was extended by one year and included modifications to the 2020-2021 season.

(14) Endowment Funds

The Orchestra's endowment consists of several individual funds established for a variety of purposes. Its endowment consists of donor-restricted funds and funds designated by the Board of Directors for long-term investment. In fiscal 2020, the Orchestra's board of directors removed a long-term investment designation for a component of net assets without donor restrictions. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Effective July 1, 2012, the State of Florida adopted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), and in accordance with US GAAP, the Orchestra classifies investment earnings on endowments as a component of net assets with donor restrictions if not appropriated for expenditure in the period earned. Once investment earnings are appropriated for expenditure, the Orchestra reclassifies the amount appropriated as a component of net assets without donor restrictions.

Interpretation of Relevant Law: The Orchestra has interpreted UPMIFA as allowing the Orchestra to spend or accumulate the amount of an endowment fund that the Orchestra determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established, subject to the intent of the donor as expressed in the gift instrument. The Orchestra classifies as net assets with donor restrictions the historical value of donor-restricted endowment funds, which includes (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) changes to the permanent endowment made in accordance with the direction of the applicable donor gift instrument. Also included in net assets with donor restrictions is accumulated appreciation on donor restricted endowment funds which are available for expenditure in a manner consistent with the standard of prudence prescribed by UPMIFA, and deficiencies associated with funds where the value of the fund has fallen below the original value of the gift.

Investment Return Objectives, Risk Parameters and Strategies: The Orchestra has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Endowment assets are invested in a well-diversified asset mix, which includes equity and fixed-income securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to provide a high level of cash distribution, while growing the funds if possible. Therefore, the Orchestra expects its endowment assets, over time, to produce an average rate of return of approximately 6% annually. Actual returns in any given year may vary from this amount. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk.

Spending Policy: The Orchestra's endowment distribution policy is intended to maintain the purchasing power of the endowment while providing distributions to support the Orchestra's operations. The distribution formula is intended to distribute an amount approximately equal to the endowment's long-term expected total return.

THE FLORIDA ORCHESTRA, INC.

(14) Endowment Funds - Continued

The distribution amount and policy are reviewed annually by the Investment Committee, or in lieu of an Investment Committee, by the Finance Committee, and the policy or distribution amount is adjusted as necessary. For the fiscal year ended June 30, 2021, the Board of Directors authorized the distribution to the operating fund of \$500,000 or 5.00% of the endowment assets' 12-quarter average as of December 31, 2019. For the fiscal year ended June 30, 2020, the Board of Directors authorized the distribution to the operating fund of \$465,686 or 5.00% of the endowment assets' 12-quarter average as of December 31, 2018 and additional distributions of \$1,125,285 to fund specific projects.

(15) Short-Term Borrowing Arrangements

During fiscal 2017 the Orchestra executed a short-term borrowing arrangement with the brokerage institution holding its investments. The arrangement allows the Orchestra to borrow funds using certain of its investments as collateral. The interest rate on outstanding borrowings was 5% at June 30, 2021. There were no amounts outstanding under this arrangement at June 30, 2021 and 2020.

The Orchestra also has access to a \$150,000 revolving line of credit through a commercial bank. Interest accrues at the greater of the bank's prime rate plus 1.5% or 4% and the related promissory note matures in May 2022 at which time all outstanding principal and interest will be due and payable. There was no balance outstanding on the line of credit at June 30, 2021 or 2020.

(16) Notes Payable

The Orchestra had notes payable with aggregate outstanding principal balances of \$38,697 and \$49,256 at June 30, 2021 and 2020, respectively. One of the borrowings was executed in May 2019 and requires the Orchestra to make monthly payments of \$854, including interest at 6.8%, through June 2025. The loan is secured by a musical instrument.

The second note was executed in September 2018 and requires monthly payments of \$246, including interest at 5.75% through September 2023. The loan is secured by modular furniture.

The Orchestra applied for and received a forgivable Paycheck Protection Program (“PPP”) Loan in the total amount of \$1,248,000 as provided under the Federal Coronavirus Aid, Relief and Economic Security Act. The PPP loan was funded in April, 2020. Under the terms of the loan, the balance is forgivable to the extent the proceeds are used for certain qualified costs for the 24-week period through September 30, 2020 and that certain employment levels are maintained. The Orchestra incurred qualified program costs during the requisite time frame in 2020, submitted an application for loan forgiveness and was notified that its application was approved on August 24, 2021.

The Orchestra applied for and received a second forgivable Paycheck Protection Program (“PPP”) Loan in the total amount of \$1,340,000 as provided under the Federal Coronavirus Aid, Relief and Economic Security Act. The second PPP loan was funded in February 2021. Under the terms of the loan, the balance is forgivable to the extent the proceeds are used for certain qualified costs for the 24-week period through July 30, 2021 and that certain employment levels are maintained. The Orchestra incurred qualified program costs during the requisite time frame in 2021, submitted an application for loan forgiveness and was notified that its application was approved on May 4, 2022.

(17) Related Party

The Orchestra has received contributions or promises to give from various members of the Board of Directors which are reflected in the financial statements as private support in the amount of approximately \$1,202,000 and \$890,000 for the years ended June 30, 2021 and 2020, respectively.

(18) Concentrations

The Orchestra maintains cash balances with what management believes to be a high credit quality financial institution. At June 30, 2021 and 2020, amounts on deposit with this financial institution exceeded coverage provided by the FDIC by approximately \$1,314,000 and \$595,000, respectively.

Other concentrations of credit risk are described in Note 2.

(19) Risks and Uncertainties

The novel coronavirus (“COVID-19”) spread rapidly across the world in the first quarter of 2020 and was declared a pandemic by the World Health Organization in March 2020. The government and private sector responses to contain its spread began to adversely affect the broader economy and business in general in March 2020 and those impacts will likely affect operations beyond fiscal 2021, although such effects may vary significantly. The Orchestra’s operations were significantly impacted, including a substantial reduction in operating activities and the cancelation and postponement of scheduled performances. Future operations and the ability to perform for live audiences are dependent on applicable government requirements and are subject to ongoing modifications dependent on changes in COVID-19 cases. The duration and extent of the pandemic and its effects over longer terms cannot be reasonably estimated as of the date the financial statements were available for issuance. The risks and uncertainties resulting from the pandemic that may affect the results of operating activities, cash flows and financial condition include the nature and duration of any potential curtailment of program activities and the long-term effect on demand for the Orchestra’s performances and other activities. Accordingly, significant estimates used in the preparation of the financial statements including those associated with evaluations of certain long-lived assets for impairment and expected credit losses on amounts owed to the Orchestra may be subject to significant adjustments in future periods.

The pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Orchestra’s investment portfolio has incurred significant volatility in fair value since March 2020. Because the values of the Orchestra’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in future periods, if any, and the related impact on the Orchestra’s liquidity cannot be determined at this time.

(20) Subsequent Events

The Orchestra has evaluated events occurring after the statement of financial position date through May 20, 2022, the date the financial statements were available to be issued.
